

ALLEGED BRIBERS INDICTED

Franklin County Grand Jury Returns True Bills Against Six

MORE INVESTIGATIONS

Will be Made Into State and County Graft in Near Future.

Columbus, O., March 31.—George L. Ruggles, J. T. Paine, George E. Woods and John D. McCafferty, indicted yesterday on charges of graft, were arrested today and gave bond. Of the other two indicted, Harry King promised to give bond today, and Judge Gale, president of the jail rather than ask his friends to go Ruggles-Gale Company, went to his bond, which was \$5000. Gale himself is able to give bond, but declared that the jail was the best place to get away from all the graft rumors that are afloat concerning himself and his company.

"We've only started," said Assistant Prosecutor King today. "There will be another bunch of indictments when the next court term opens on April 15." Chairman Beatty, of the probers, said today:

"I believe we could hold sessions for a year and then not come to the end of the graft that has been going on in the state house in recent years. We will have plenty more evidence, however, for the grand jury in the few weeks that are left."

Those Indicted.

John T. Paine, now of Detroit, formerly salesman of the Ruggles-Gale Company; will be imprisoned. Judge John T. Gale, president of the Ruggles-Gale Company, formerly probate judge.

George L. Ruggles, formerly connected with the Ruggles-Gale Company.

John W. McCafferty, former county clerk, former member of Ruggles-Gale Company.

George E. Wood, former stationery clerk in secretary of state's office, now with Central Ohio Paper Company. He formerly edited a paper at Bellevue.

Harry E. King, of Cleveland, formerly clerk of the state railroad commission. He is now connected with the legal department of the Lake Shore Railway at Cleveland. His home before coming to Columbus was at Warren.

Columbus, O., March 31.—Forty-nine indictments against six persons as a result of the grand jury's investigation of graft in state offices were reported yesterday to Judge Rogers.

The report does not mean the end of the grand jury investigation into state and county graft.

"The investigation was of such nature and extent that, owing to lack of time, a number of matters have been left for future examination," says the report. It has been one of the busiest grand jury sessions in the history of Franklin county.

With two exceptions those indicted were prepared to take steps to secure immediate release on bond.

Judge John T. Gale, president of the Ruggles-Gale Company, former secretary of the company and former probate judge of Franklin county, faces three indictments, all of one count each and all for bribery. His bond was fixed at \$5000. As secretary of the Ruggles-Gale Company, he is jointly indicted with John T. Paine and George L. Ruggles, former head of the firm, for bribery.

He is charged with giving George E. Wood, former stationery clerk in the office of former Secretary of State L. C. Laylin, money to influence him in the purchase of supplies. Dates and amounts follow: Jan. 24, 1906, \$84; March 4, 1904, \$107; April 12, 1904, \$57.

Judge Gale was a witness before the grand jury and declared after testifying that he had told the whole truth, no matter whom it hit. Last night he said:

"I know nothing of these indictments save from hearsay. If the sheriff comes for me tonight, I will go to the county jail."

"I haven't the slightest idea what the indictments refer to. I never gave bribes either as secretary of the company or as a private citizen. There's nothing in them; it's simply ridiculous, absurd."

"Will you give bond?" he was asked.

"I don't know whether I will or not, and won't know until I see the charges. I've made my fight against this sort of thing (referring to graft in his own company). I'm going to have a rest. If it's in jail, all right; if it's in the penitentiary, all right; if it's in the county infirmary, all

SIR ERNEST SHACKLETON TO EXTEND TOUR OF UNITED STATES

SIR ERNEST SHACKLETON AND WIFE.

Washington, March 31.—Sir Ernest Shackleton, the man with the "farthest south" record, has changed his plans on his tour of the United States. Sir Ernest had agreed to deliver some half a dozen lectures, but since his visit to

Washington he has been showered with invitations from all parts of the country, and he is now busy arranging a tour that will include many of the principal cities of the west and south. Mrs. Shackleton will accompany her husband on his tour.

GLOBE LINE

For Transporting Mails is the Pipe Dream of Salt Lake City Aviator.

Washington, March 31.—A genuine air line for transporting the mails is proposed by A. Brodbeck, of Salt Lake, probably a wag, who, in writing to the postmaster general, says: "It is intended to organize a 'Globe line' by means of airships of the Zeppelin type, dirigible balloons. The line would go from New York to London, via Peking, with branch lines."

"The great advantage of this line is the avoiding of the Atlantic and Pacific Oceans, and therefore being twice as fast as the steamers, going 40 miles an hour."

"Principal stations are New York, Chicago, Omaha, Denver, Salt Lake City, San Francisco, Seattle, Fort Williams, Behring, Sakholm, Tokyo, Peking, Irkutsk, Omsk, Orenburg, Moscow, St. Petersburg, Riga, Berlin, Cologne, Paris, London. Besides, there are branch lines, especially in America and Europe."

"I ask if such a line would be allowed to carry part of the United States mails. Also if air line subsidies are likely to be granted on the same ground as for steamship lines."

In replying to the Salt Lake City genius, Second Assistant Postmaster General Stewart states he will have to present his case to congress.

FUNERAL OF LATE JUSTICE BREWER

Washington, March 31.—Funeral services of the simplest character, but deeply touching, were held in the late Justice of the Supreme Court, John Marshall Harlan, at his home in Washington, D. C., yesterday afternoon. The body was placed in a casket and the funeral was held in the late Justice's home. The body was placed in a casket and the funeral was held in the late Justice's home.

BUSY DAY FOR OHIO STATESMEN

Bill Passed for Department Control of Public Utilities of State

FUTURE LEGISLATURE

Will Have to Wrestle With the Employers' Liability Law.

Columbus, O., March 31.—Unusually important were the actions of the General Assembly in both branches yesterday. In the lower House there was passed the bill for the creation of a department of control of the public utilities of the state.

This was the measure upon the passage of which the progressive Republicans and Democrats of the Assembly have staked their political existence.

The House administered a fatal stroke to the movement of the organized labor of the state for the enactment this year of an employers' liability law.

This was done by shifting the issue and passing a bill to create a commission to draft a law, to be submitted to the next General Assembly.

In the upper branch Governor Judson Harmon gained some advantage through having placed upon the calendar his bill for the creation of a Central Board of Administration for the control of the various state institutions.

This bill has been held without action in a hostile committee since its introduction early in the session.

It abolishes the present Boards of Trustees and provides a central purchasing board, to buy all of the supplies. It was through a combination of friendly Republicans and Democrats that it was taken from the committee and advanced to a place where it can soon be considered.

In addition to these things the matter of creating a State Tax Commission was materially advanced, reaching a stage where the question of enacting new revenue laws to be administered by this body are ready for consideration.

Upon the taking up of the employers' liability bill its author, Representative W. W. Norris, of Cleveland, made a general statement, reciting the demand of organized labor for its passage, and the unequal conditions growing out of the present antiquated laws and ancient precedent and practice.

Not all the employers of the state were opposed to it, but, on the contrary, many were in favor of it. Among them was Colonel James Kilbourne, of this city, from whom he read a letter endorsing in every respect save that it did not furnish enough protection against the portfolging lawyers.

As a substitute Representative Harry Browner, of Springfield, offered a new bill. This provided for the appointment by the governor of a commission to investigate the subject matter and to report a bill to the next General Assembly. One of these commissioners is to be an employer, another an employee, and the fourth one learned in the law.

After a prolonged contest over the Woods bill in which all amendments offered were voted down, the measure was passed by a vote of 91 to 16.

Those who voted against the bill were these:

Bowersox of Williams, Crawford of Athens, Dever of Scioto, Donson of Montgomery, Erdley of Franklin, Ervin of Meigs, Greig of Muskingum, Lewis of Geauga, Roth of Montgomery, Lowry of Lawrence, Meinhardt of Hamilton, Schurr of Madison, Schwann of Hamilton, Scott of Harrison, Welling of Perry and Wisener of Van Wert.

Those known to be present but not voting were: Ash of Seneca, Beachler of Noble, Freiner of Vinton, Peacock of Paulding, and Guard of Champaign.

A motion to reconsider was voted down, and the bill was ordered reprinted as passed and sent to the senate.

The senate committee on public works went to record this morning as opposing the appointment of any commission by the governor to take up the deep water scheme of the canal boomers. The committee decided to report favorably the Huffman bill, which provides for a commission of three men to investigate the canal situation but without reference to the deep water proposition.

Speaker McCreary this afternoon appointed the following committee to investigate bribery charges in connection with the passage of the Elson telephone bill: Lagdon and Ash, Republicans, and Russell and Black, Democrats. The bill is Lagdon and Ash, Republicans, and Russell and Black, Democrats.

DEATH HOVERS OVER THE UNITED STATES SUPREME COURT

Washington, March 31.—The illness of Justice Moody is alarming his friends. The death of Justice Peckham a few months ago, followed by the sudden death of Justice Brewer a few days ago, has aroused the superstitious to glance with fear to the left of the bench of the United States supreme court. Justice Brewer sat to the right of Chief Justice Fuller (to the left facing the attorneys), and Justice Peckham had his seat next to Justice Brewer. Justice Moody is the last in the

line. The death of Justice Brewer may play an important part in the decision of the Standard Oil cases (attorneys), and Justice Peckham's death that are before the highest court in the Union.

DENIES REPORT THAT WAGE SCALE HAS BEEN SETTLED

New York, March 31.—Assistant General Manager J. B. Crowley of the New York Central lines, denied today the report that the wage scale differences between the road and the trainmen and conductors had been settled. According to stories in circulation here, the N. Y. Central had made increases amounting in all to about \$1,250,000 a year. This, Crowley says, is incorrect.

The scale conferences between the employees and the road officials have been called off while the employees take their strike vote. As soon as this strike vote is taken and counted a final conference will be held. If this fails to bring about a settlement, recourse will probably be had to federal intervention under the Erdman law.

GOVERNMENT HAS COLLECTED \$3,000,000 UNDER CORPORATION TAX

Washington, March 31.—Three million dollars has already been collected under the corporation tax law.

Forty-two clerks are engaged in working up the assessments against the corporations and it is expected they will be able to conclude this work by May 10, which will afford the corporations plenty of time in which to send in their taxes before June 1.

There are about one thousand delinquent corporations. Quite a number of these failed to make returns within

the specified time on the ground that they had been dissolved. The treasury department has called upon the attorney general for an opinion as to whether a corporation in existence at the time of the passage of the law and subsequently dissolved should be required to make returns. In the case of some of the corporations the returns received are deficient in that they subtracted the dividends that they had paid as well as the \$5,000 of exempted income before making their return.

MAY HAVE TO PUT SLEUTHS ON TRACK TO FIND MISSING BILL

Washington, March 31.—What has become of the bill to compel publicity of campaign contributions in national elections within ten days before election?

This is what many Democrats and insurgents are burning at Representative Gaines (Dem., Wis.), chairman of the house committee on elections. The bill was ordered reported by the committee three weeks ago and Gaines has not yet made a report to the house nor put the bill on the calendar. The measure was reported at a meeting of the committee at which all the Democratic members were present and very few Republicans. The Democrats got

one Republican vote and directed Gaines to report the bill favorably. Representative Salzer (Dem., N. Y.) declares the Republican leaders of the committee are trying to recall the bill and rescind the vote by which it was reported. Gaines is silent. Salzer says he will ask some pertinent questions on the floor of the house in a few days unless the bill appears on the house calendar in the meantime.

How to Rent a Furnished Room!

A person living in a furnished room who thinks of changing, is in a mood to read about the room that's different, that's bigger, that has more creature-comfort furnishings, more light, newer draperies or decorations, a peep at a view, that's easier of access, that represents "more for the money."

So long as you have an unrented room that's for rent, keep your ad "in the spot light." Every day furnished rooms are rented through want ads—and not many through other means.

So that the possibility is essential, but usually is cut short by success before you get your teeth crated together very hard!

DEATH OF WEALTHY BACHELOR

Mansfield Police Have Mysterious Case on Hand

FIND HOME IN DISORDER

Dead Man Prominent in Mansfield Society and Popular With Young Women.

Mansfield, O., March 31.—Coroner Maglott, and the police are today trying to unravel the mystery in connection with the death of Hugh H. McFall, 50, a wealthy bachelor, who died last night two hours after being found senseless and almost buried in a porch in the rear of his home here.

The officials believe McFall had been unconscious for twelve hours before he was discovered. He had a gush over his right ear and had been in a pool of blood. The police found hair and blood on a lawn mower 15 inches from the porch which leads them to think that he sustained the cut by striking it in the fall.

The authorities were in doubt this morning as to whether McFall was killed by this wound, suffered a sudden attack of heart failure and fell, or was struck down by a robber or enemy. They were investigating along all three of these lines.

His home was found in great disorder, but the officials were inclined to believe that this was its usual state. McFall was often seen taking young women prominent in Mansfield society riding in his automobile. He had a party out riding the night before his death until nearly midnight.

McFall was popular with the young women despite his eccentricities. His most characteristic eccentricity was going hatless winter and summer.

MURDERER CONFESED

Warren, O., March 31.—Before coroner D. G. Simpson here, Philip Groatiano, an Italian, of Niles, confessed to the murder of Edwin C. Wilson, of this city, in Niles Saturday night. Wilson was killed while attempting to prevent two men from molesting a woman.

KILLED IN EXPLOSION

Scranton, Pa., March 31.—With a roar that could be heard for miles the mill of the E. I. Dupont company at Jerriem, near here, blew up today. James Cobb and Will Arthur, employees, were blown to atoms. Alfred Moon escaped, but with a few slight injuries. The cause is unknown. Five minutes after the explosion the entire building was a mass of flames and it was soon totally destroyed.

ROOSEVELT HAS CHANGED ROUTE

London, March 31.—Dispatches from instructions from the New York headquarters of the company one of the pulp mills at the local plant of the International Paper company where the Union pulp, sulphite and paper mill workers are on strike, was boarded up today and its operation apparently abandoned.

Thirty-five strike breakers who have been working here have been sent to other plants of the company. One per mill and two pulp mills out of a total of six plants are in operation here.

PAPER MILL BOARDED UP

Franklin, N. H., March 31.—Acting on instructions from the New York headquarters of the company one of the pulp mills at the local plant of the International Paper company where the Union pulp, sulphite and paper mill workers are on strike, was boarded up today and its operation apparently abandoned.

Thirty-five strike breakers who have been working here have been sent to other plants of the company. One per mill and two pulp mills out of a total of six plants are in operation here.

Trials set for May 2.

Wheeling, W. Va., March 31.—Judge W. H. Johnson, of Muskingum county, who heard the pleas in abatement of 24 Bridgeport and Martin's Ferry strikers, indicted for shooting to kill and rioting last December, today ruled against the strikers' motion. He fixed May 2 as the date for starting the trials.

Mr. Bacheider was formerly General Superintendent east of the Baltimore and Ohio Railroad. He was also Division Superintendent of the road, with headquarters in Newark at one time, and is well known here. The Baltimore and Ohio has just rearranged its Northwestern operating organization, and from the first proximo its lines and facilities west of and including Chicago Junction will comprise the newly created Northwest System, under the direction of the new General Superintendent, Mr. Bacheider, who is also Vice President and General Manager of the Chicago Terminal company.

NEW GENERAL SUPERINTENDENT.

Frederick E. Blazior, Superintendent of the Cumberland division of the Baltimore and Ohio Railroad, has been appointed General Superintendent of the main line system of the road, with headquarters in Baltimore, succeeding F. C. Bacheider, who becomes Vice President and General Manager of the B. & O. Chicago Terminal company. Mr. Blazior was Superintendent of the Ohio River Railroad when it was taken over by the B. & O. in 1903. He was made Superintendent of the Wheeling division and the following year was transferred to the same position on the Cumberland division. As General Superintendent of the main line system he now has under his direction the Philadelphia, Baltimore, Shenandoah, Cumberland and Monongahela divisions.

COUNTY FUND OVERDRAWN

In June, 1909, the late Board of Republican County Commissioners made an inadequate levy for the general county fund which was then overdrawn practically \$4,000.

In face of this fact and also the conditions that required an additional levy for the payment of the expense of the appraisal of real estate, the late Board actually reduced the levy lower than what it was the previous year.

As stated in the Advocate on several occasions there could have been no motive for this sort of financial management other than that of embarrassing their successors in office, who took their seats nearly four months later.

The result is just what was predicted in the Advocate when it made the first showing of the transaction. Today the general county fund is overdrawn, and there is no way by which the county's business can be carried on unless by payment of county fund orders from other funds.

In view of the increased expense required for the appraisal of real estate, there is no way of avoiding the dilemma in which the county will be placed. That the county fund will be overdrawn \$20,000 before the tax of 1911 can be collected is inevitable.

TAFT TAKES A TUMBLE.

That was a fine piece of party-line, the embargo from the Republican majority of the house to Washington, ostensibly a maneuver against the Woods utility bill but in fact to give President Taft a theatrical opportunity to say in a stage whisper that he was keeping hands off and letting the Ohio Legislature legislate for itself.

When this session began there was a great noise in the Republican newspapers of Ohio to the effect that everything was to be done to give credit to President Taft and to discredit Governor Hammon.

This was to be done because President Taft wanted it and that was to be done because Taft favored it and Speaker Moody came from Ohio and the White House to Columbus at the opening of the session with the specific instructions of the President.

Spring Medicine

There is no other season when medicine is so much needed as in the spring. The blood is impure and impoverished—a condition indicated by pimples, boils and other eruptions on the face and body, by deficient vitality, loss of appetite, lack of strength. The best spring medicine, according to the experience and testimony of thousands annually, is **Hood's Sarsaparilla**. It purifies and enriches the blood, cures eruptions, builds up the system. Get it today in usual liquid form or the associated tablets known as Sarsaparilla.

UNCLE SAM'S GENEROSITY

The Department of Agriculture has just issued a Cook Book—News Item.

his head or in his heart or concealed somewhere about his person.

First President Taft found it necessary to renounce the Woods utility bill in its original form because of the storm of indignation it aroused and the reputation it speedily achieved as being in fact a utility bill.

When Mr. Woods offered a substitute for the original bill it was declared in print by Republican papers that it more nearly represented the President's ideas than did the original bill. This didn't help matters much, so the stage trick was planned of having a special embassy "sneak away" in full view of the audience for a spectacular conference at the White House, with both senators from Ohio as armor bearers, followed by the stage whisper of the President as loud as the voice of a 12-inch gun that he was not interfering but was permitting the Ohio legislature to do its own legislating.

What a mighty come-down is that from the proud and imperial Taft before the beginning of the session of the legislature of his own state, to the Taft obliged to at least publicly renounce pending measures to save them from unpopularity that was rapidly engulfing them.

If this is indicative of President Taft's popularity in Ohio it would be well for him to keep his hands off the state campaign this year instead of trying for an endorsement as proclaimed by Wade Ellis a few days before the President appointed him receiver of the U. S. p. in Ohio, when he said in a speech to the Tippecanoe club of Cleveland that President Taft's administration would be the issue in Ohio this fall, that his New York speech would be the platform, and that President Taft would be running for every place on the Republican ticket from Governor down to township trustee.

This would not be a good year for Mr. Taft to make that kind of a campaign in Ohio. The people of Ohio have more important interests of their own to attend to without trying to receive the advice of Mr. Taft during the campaign two years ago. They have an administration at home of vastly more importance to them, and they want two more years of it, whether Mr. Taft likes it or not.

GENUINE ECZEMA REMEDY.

New Remedy That Cures Eczema Quickly.

W. A. Erman & Son sold hundreds of jars of Hokara in the last few weeks, and although they offered to refund the purchase price to any dissatisfied purchaser, not one jar has been returned.

While this is surprising in itself, yet the most marvelous thing to them is the reports of chronic cases of eczema that have been cured by this simple skin food. People who have suffered with scales, scabs and even bleeding, itching have found relief and cure in Hokara.

No matter where the eczema, pimples or other breaking out occurs, whether on the face, hands, legs or body, the application of Hokara will give quick relief, and even the worst or most chronic cases will be cured in a short time.

You can buy a liberal-sized jar at the very low price of 50c and with every package goes W. A. Erman & Son's guarantee to refund the money if it is not satisfactory. Large size, 50c.

If the skin disease is caused by impure blood or if the bowels are inactive use Hokara Blood Tablets. They cool and cleanse the blood and regulate the bowels in a natural way.

WARNING

Beware of the people who offer prizes in order to sell their Pianos. If you want a Piano, go to a legitimate dealer and buy it; if you want a watch, go to your home dealer and buy one; if you want an Organ, buy it from your home dealer and not from a faker; if you want a phonograph, buy it from a reliable dealer. If there is anything on earth that is disgusting, it is the faker who is always trying to deceive the public. It does not make any difference if you solve the Rube Goldberg or not, you will get an insignificant prize. I believe that the good people of Newark have been humbugged so often that they will soon see that these kind of fakers should be sat down on and fired. We know who is running this kind of business, and if the business men of Newark would take hold of this kind of business we would soon get rid of them. However, it is up to the people to be on their guard and pay no attention to such methods.

GOOD WHEAT TRADE.

Chicago, March 31.—There was a good general trade in wheat today. Offerings were slack, and the May price was up 7c. July corn up 3c, and September 1-4. There was a brief period of strength, but offerings were absorbed and prices slipped back. Oats quiet. Provisions a shade higher all around.

GIRLS FOLLOWED THEIR LEADER

Louisville, Ky., March 31.—Hazel Spaulding, a white girl, today succeeded in calling a strike of 1100 negro girls employed by the American Tobacco company as stemmers. The young woman slipped by the company's guard into the plant and dashed through the entire building, shouting, "Strike for your rights and follow me."

In an instant hundreds of negro girls broke from their work and rushed after her. Later they joined the 400 white girls who had previously struck at another plant of the company.

GAY LOTHARO GETS 8 YEARS

Hoboken, N. J., March 31.—Emil Kail Von Mueller, better known as the "merrying count," arrested in Los Angeles some weeks ago on a charge of bigamy, was sentenced today to eight years in prison at hard labor. Von Mueller is said to have married 20 women.

UNDISPUTABLE EVIDENCES

OF THE MERITS OF THE WONDERFUL QUAKER REMEDIES.

Has Caused an Enormous Demand, the City Drug Store is the Scene of the Greatest Enthusiasm—Supply Was Exhausted, Causing Some Disappointment, But Another Large Shipment Was Received Today—Thanks of Hundreds of Grateful People.

The result of the Health Tea-her's honest, sincere and generous efforts in bringing the wonderful Quaker Extract and Oil of Balm to the notice of Newark people is now being realized. Hundreds upon hundreds of people have now given the remedies a thorough test, and that they have given unhesitating and wonderful results is evidenced by the fact that every day grateful people are recommending Quaker Herb Extract to others. As a consequence of these good results the demand for the remedies is now enormous. Yesterday's sale of the remedies was phenomenal, the large stock at the City Drug Store was entirely exhausted and last evening many people were disappointed in not being able to be supplied. Such disappointments will not occur again. An immense amount was received to-day and all can now be furnished promptly.

What is causing this demand? Why all this enthusiasm? These questions can be answered in one word—RESULTS. People who two weeks ago suffered with rheumatism or stomach troubles have been enjoying Gay after Gay since they commenced using Quaker Extract and Oil of Balm, and soon grateful people are now recommending the remedies to others, hence the great demand. The good work is sure to continue because new testimonials are being received every hour.

Mrs. Elizabeth Biermann said: "My color was bad, my nerves all astray, my bowels irregular and I had continual annoyance with my kindneys and bladder. I have now taken two bottles of Quaker Extract, and I feel like a new woman. My color is good, nerves strong and bowels regular."

John Caudill, of Edgewood said: "My blood was in a terrible condition. I had pimples on my face and neck and my limbs were sore from constant scratching in my endeavors to cure those awful itching spalls, which I had every night when I went to bed. I commenced using Quaker Extract and Oil of Balm two weeks ago. My complexion is not nearly perfect and all itching sensations have left me."

Many more such expressions are heard at the City Drug Store daily. If you suffer with rheumatism, catarrh, constipation, kidney, liver, stomach or blood troubles, try Quaker Herb Extract \$1.00 a bottle, 3 for \$2.50. Quaker Oil of Balm (a liniment) 25 cents. By City Drug Store.

SAYLOR TRIAL
PROGRESSING SLOWLY AND THE STATE MAY CLOSE ITS CASE THIS WEEK.

Testimony Offered that Quarrel Was Provoked by Insulting Words of Banker.

Waukegan, Ill., March 31.—Testimony that J. R. Saylor, the slain banker of Crescent City, Ill., used insulting words and provoked the affray which cost his life was given in the trial of his widow, John Grunden and Dr. W. R. Miller, who are charged with his murder.

Mrs. Rose DeMarse, a Crescent City woman, for whom Mrs. J. R. Saylor sent the morning after her husband was killed, related on the stand the explanation of the shooting told to her, she said, by Mrs. Saylor.

"It happened between 9 and 9:30 o'clock in the evening," said the witness, quoting Mrs. Saylor. "We were playing cards. Mr. Grunden, Dr. Miller and myself.

"Father said: 'I'll get by to play. We'll be partners and beat you.' "By was out on the porch. He came in again. Mr. Grunden called, and said: 'I will not play with the—' (using an insulting name). He's too smart."

"Then he rushed over to the lounge, grabbed a hatchet which was underneath, and shouted: 'I know you've got a gun, but I don't care!'"

Then, according to the witness, Mrs. Saylor said she ran out of the room and across the street, not stopping to pick up a lamp and table which were overturned. After a short interval, in which she heard three or four shots, Mrs. Saylor said she returned, the witness said, and found her husband dead and Dr. Miller wounded, while her father, John Grunden, was unhurt.

Mrs. DeMarse also told of finding many blood stains on the walls, carpet and furniture of the room. On cross-examination the testimony concerning Mrs. Saylor's description of the tragedy was uncontroverted.

Testimony relative to the finding of the hatchet late at night was given, and a part of the vicinity of the Saylor home was offered in evidence, while three witnesses declared they had seen nothing unusual in Saylor's actions the day of his death.

The state expects to close its case this week.

Attorneys for Mrs. Lucy Saylor and her father, John Grunden, today prepared motions for the dismissal of the charge upon which they are now being tried.

State Attorney Pillsbury is said to have consulted his assistant as to the advisability of not resisting the motion as far as Mrs. Saylor is concerned. They realize the presence of Mrs. Saylor's daughter, Golda, in the court has aroused the sympathy of the jury and believe with Mrs. Saylor eliminated the case against Miller and Grunden would be strengthened.

FASTED FOR 45 DAYS.

Cleveland, March 31.—Corr Osek, 22 years old, was arrested yesterday after she had fasted, her friends say, for 45 days. The girl was taken to the county jail, where no persuasion could prevail on her to eat. She was so weak that she could not stand up, but she insisted that she would fulfill an oath of fasting for two months, even if it killed her.

SIX KILLED IN EXPLOSION

McAlester, Okla., March 31.—Six men were killed in an explosion in mine No. 2 of the Great Western Coal and Coke Company at Wilburton today.

How Good News Spreads.

"I am 10 years old and travel most of the time," writes B. F. Tolson, of Elizabethtown, Ky. "Everywhere I go I recommend Electric Bitters because I owe my excellent health and vitality to them. They effect a cure every time. They never fail to tone the stomach, regulate the kidneys and bowels, stimulate the liver, invigorate the nerves and purify the blood. They work wonders for weak, run-down men and women, restoring strength, vigor and health that's a daily joy. Try them. Only 50c. Satisfaction is positively guaranteed by F. D. Hall."

Home-Made Tonic for Spring Disorders

"Madeleine" in Woman's Journal.

I receive so many letters every spring from persons who complain of a tired feeling on arising every morning—a sort of "all gone," "don't care" condition—that I am forced to believe that everybody needs a tonic in the spring to purify the blood, tone up the stomach and liver and restore the human body to proper condition after the inactivity of winter.

Spring usually finds the organs and blood clogged with impurities. The feeling of languor and dullness, lack of ambition and energy, poor appetite, sallow complexion, liver troubles, pimples and other skin eruptions—all these are symptoms of impure blood, deranged digestion or torpid liver.

You can make a full quart of good tonic at home at a small cost that will put your system in perfect condition and rid you of "Spring Fever" in all its phases. Get from your druggist one ounce of karsene, mix it with 1-2 cup sugar and add 1-2 pint of alcohol and 1-2 pints of hot water. Take one tablespoonful two minutes before each meal until before bedtime.

Karsene purifies the blood, arouses the liver, clears the skin, restores lost appetite and strengthens and builds up the entire system. There is no other blood medicine as good. If your druggist is out of karsene, ask him to get it for you.

THE DR. BOYD TONIC

Begin Feeling Well Tomorrow
Build Up—Don't Brace Up

Don't make the mistake of taking a stimulative tonic to brace up your tired nerves and body.

What you need is *nerve-rest*,—such as comes with natural, healthy sleep,—and a building up of your entire system.

Richly, you need *The Boyd Tonic*.

This tonic is not a stimulant. It doesn't lead *Auto* strength, the stimulated kind. But it gives generously of vital force and energy.

From the day you begin taking it your health begins to mend. How will this mending cease until you're in perfect health?

A few of the wonderful properties of this Tonic are:

- A rich red blood maker—increases the appetite, aids digestion and the assimilation of food—helps the system to extract full nourishment from food.
- As a liver cleanser, the blood of all impurities—corrects the skin diseases which often result from run down condition—beautifies the complexion.
- In short, the Dr. Boyd Tonic is the greatest strength and body builder known to medical science.
- Try it—take advantage of this opportunity to get well. Your druggist has it—or can get it for you.

2 DOZ. LARGE BOTTLES FOR \$2
3 DOZ. SMALL BOTTLES FOR \$2

The following article is copied from the **Saturday Evening Post** of this week, and should be of interest to all readers of this paper, especially as it comes from one of the greatest, if not the greatest, organization in America, having done the enormous business of over sixteen million dollars in 1909.

The retail merchant who is so eager to make his own profit that he forgets his customer's profit, isn't doing business in a fair way. The best merchant is one who is as careful about the value he gives as about the value he gets.

READ this paragraph over; it is quoted from a book sent by us about a year ago to all dealers in Hart Schaffner and Marx clothes. It expresses our idea of our business and our merchandise.

This giving of value is the main idea with us; we believe that it is the main idea of all merchants who sell our clothes. In these days of steady deterioration in clothes, our all-wool security, fine tailoring, and style supremacy are at a premium. Our dealers realize that a merchant who sells five suits at more than a fair profit could easily sell ten if he were fair to his customer; ten fair profits are better for the merchant than five that are too large, because ten satisfied customers are better than five uncertain.

If you buy Hart Schaffner & Marx clothes, and are not fully satisfied at any time, your dealer will make it right; we speak for all of them. Every dealer in our goods understands our policy in this matter, and that we will go to any length, as a matter of self-respect, to justify the confidence of the public in our quality.

BLUE LAWS FOR MARION

Marion, O., March 31.—Mayor J. G. Seiter is on the warpath and Marion is promised a few Sundays that will put the old Blue Law Sabbath of New England to shame. The great reform wave that is sweeping over Pittsburg has him in its grasp and a radical Sunday is possible. Restaurants will be allowed to keep open, but only to sell food. Cigar stores, ice cream parlors and other stores where luxuries are handled will be under the ban. If any young men want to take their sweethearts riding on Sunday it will be up to them to hire their rigs from the livery stables on Saturday night, for the hiring of rigs will be tabooed. It is possible that people will be allowed to die on that day if absolutely necessary. The Marion papers predict that the chief executive will have his hands full if his present plan is carried out.

DIRTY KIDNEYS ARE THE CAUSE OF LAME BACKS

A Few Drops Clean and Regulate the Kidneys, Ending Bladder Misery and All Urinary Troubles—You Can't Begin Too Soon.

A real surprise awaits every sufferer from kidney or bladder trouble who takes several doses of **Pape's Diuretic**. Misery in the back, sides or loins, sick headache, nervousness, rheumatism pains, heart palpitations, dizziness, sleeplessness, inflamed or swollen eyelids, lack of energy and all symptoms of out-of-order kidneys simply vanish. Uncontrollable urination (especially at night), smarting, offensive and discolored water and other bladder misery ends.

The moment you suspect kidney or urinary disorder, or feel any rheumatism, begin taking this harmless medicine, with the knowledge that there is no other remedy, at any price, made anywhere else in the world, which will effect so thorough and prompt a cure as a fifty-cent treatment of Pape's Diuretic, which any druggist can supply.

It is needless to feel miserable and worried, because this unusual preparation goes at once to the out-of-order kidneys and urinary system, distributing its cleansing, healing and strengthening influence directly upon the organs and glands affected, and completes the cure before you realize it.

Your physician, pharmacist, banker or any mercantile agency will tell you that Pape, Thompson & Pape, of Cincinnati, is a large and responsible medicine concern, thoroughly worthy of your confidence.

Any curative results can come from taking Pape's Diuretic, and a few days' treatment will make any one feel fine. Accept only Pape's Diuretic—fifty-cent treatment—any drug store—anywhere in the world.

"GO-BETWEEN"

Was a Woman in the Mississippi Senatorial Fight—Will Furnish Evidence.

Jackson, Miss., March 31.—Further evidence of the woman who is alleged to have acted as a "go-between" for the Percy faction in the recent senatorial contest, which resulted in former Governor Vardaman being defeated by Leroy Percy, will be laid before the senatorial investigating committee today.

State's Attorney Neil was finally persuaded to allow witnesses who testified before the grand jury to repeat their testimony before the senate committee. The house committee will also hear witnesses. Several have already appeared and have told of being "approached." J. C. Coward testified that a woman had acted as agent for the Percy faction. Although the political atmosphere is clear-er than when the charges were first brought by Senator Bilbo, clashes between members of the two factions are not unexpected. Representative Brooks, Miller and R. S. Streit, stenographer of the grand jury, moved in a lively fight in the lobby of a hotel yesterday. During the trouble a revolver dropped to the floor, but was recovered without being brought into play.

SITUATION

REGARDING OHIO MINERS EX-PLAINED TODAY BY PRESIDENT WM. GREEN.

Says 45,000 Soft Coal Miners in Ohio Will Quit Work at Midnight When Wage Agreement Expires.

Canton, O., March 31.—The strike situation in Ohio "was explained this afternoon by President Wm. Green, of the Ohio miners, at the meeting of Sub-district No. 5 in these words:

"Forty-five thousand soft coal miners of Ohio will quit work at midnight tonight, in accordance with the orders issued by me yesterday. This is done because the present wage agreement expires tonight. The next negotiations of operators in Ohio to meet with the miners to sign the five and fifty-five hundred

per cent wage scale. In the case of these operators who sign, their miners will be ordered back to work at once. In the case of the operators who do not sign, their men will be required to hold out until this is done.

"I have information from the operators which leads me to believe that within a week or ten days every operator in Ohio will have signed this preliminary agreement."

John Zelenka, of Dillonvale, was elected president of the sub-district, to succeed Alexander Watkins, of Yorkville, who was made national committeeman at the Cincinnati convention.

Reports from the different states indicate that strikes will begin at midnight in Indiana, Illinois, Michigan, Iowa, Kansas, Missouri and Oklahoma.

TEXAS MINERS STRIKE.

Dallas, Tex., March 31.—Without waiting for an official order to strike four thousand coal miners in the Polopinto county mines quit work today.

Time to Get a New Spring Hat

Just the kind to take the place of that shabby one you have worn all winter, and possibly longer. We would suggest a "DUNLAP," "C. & K." or one of our popular priced brands at \$3.00 and \$2.00. No matter what price you pay, you are sure of a becoming style, as we have a shape for every head, a shade for every face and a price for every purse. Never have we had such a variety before as we are showing for the Spring and Summer of 1910.

PLEASED WITH INSPECTION OF NEWARK SYSTEM

County Commissioner Schuyler Slicker and Auditor Alexander were in Newark this week inspecting the roadways over the canal, which the city filed in the better to accommodate traffic over the canal. A portion of the canal, located in the Chilli-both and the citizens want it filled in at street intersections. The Chilli-both News-Advertiser has the following to say on the subject.

Slicker, Mayor of the Commission-ers and Auditor Alexander were accompanied with their trip to Newark on Tuesday to inspect the roadways over the canal to take the place of a new out-bridges. They learned that the work had been done at half cost and was being completed by the citizens.

Thinking every crossing has been made at the city was organized in a way to make the Messrs. Alexander and Slicker's visit to Newark a pleasant one. The city was in a way to make the Messrs.
